DRIVEWEAR®

The enclosed Younger Optics' lens blank has been manufactured to meet the applicable impact resistance requirements when laboratory finished as set forth in US FDA Regulation 21 CFR 801.410. Any modification of this lens, other than normal surfacing and edging, will require impact testing to assure compliance with the above regulations. Additional coating of this lens may adversely affect impact performance characteristics. These tests remain the responsibility of those performing any additional or subsequent processing.

NOTE: "Impact Resistant" lenses are neither shatterproof nor unbreakable.
One Lens Only
